

Die Casting Expertise You Can Build On.

1,558 DIE CAST PARTS

5 COUNTRIES SOURCED

4 GLOBAL REGIONS

If you've been burned by an overseas supplier — late tooling, failed PPAP, quality escapes at the dock — you already know the real cost of reactive sourcing. **MES was built to eliminate that exposure.** We don't hand off your program to a factory and hope for the best. We own execution from RFQ to delivery.

— GLOBAL SOURCING STRATEGY

Globally Sourced Die Castings

MES maintains active supplier relationships across the key manufacturing hubs of China, India, Mexico, and Vietnam. This diverse sourcing strategy allows us to optimize lead times, costs, and logistics for every die casting program, from low-volume complex parts to high-volume structural components.

- CN** **China HIGH-VOLUME**
1,274 parts across all tonnage ranges
- MX** **Mexico NEARSHORING**
131 parts · duty-free USMCA access
- IN** **India COST ADVANTAGE**
123 parts · scaling precision and quality
- VN** **Vietnam DIVERSIFICATION**
30 parts · supply chain resilience
